

ABOUT ME

Multidisciplinary UX/UI Designer with 3+ years of expertise in no-code, visual development, and a focus on user-centred designs. Currently led UI/UX Designer, enhancing user engagement and satisfaction.

EXPERIENCE

AVADHESHO

Hyderabad, India | Remote | June 2025 – Present

● Jr UX/UI Designer

Jul 2025 – Present | Full-time | Remote

- Collaborated with product managers, developers, and stakeholders to design clean, user-friendly interfaces for web and mobile apps.
- Turned ideas into wireframes, prototypes, and user flows that made navigation easier and more intuitive.
- Regularly gathered feedback through user research and testing to refine designs and improve the overall experience.
- Worked hands-on with tools like Figma and Adobe XD, ensuring smooth handoffs and pixel-perfect implementation with developers.

● Freelance Web Designer

June 2025 – July 2025 | Freelance | Remote

- Worked on designing clean, responsive websites for both client and internal use, keeping the look consistent with the brand.
- Closely teamed up with developers and the sales crew to make sure the user experience also matched business goals.
- Took in user feedback and made design updates to improve how people interact with the sites.
